**What one thing could we do better as a school?**

**6 Responses, 12% of those who completed the survey**

1. More notice about times, dates, venues for school football matches
2. More subject range
3. Support strategies
4. School lunches could do better e.g., healthy options and less queuing
5. Information
6. Clubs

1. We will raise this with staff who organise the football teams.
2. The Scottish Government decide on the entitlement of which subjects should be studied in S1 as part of the Curriculum for Excellence structure, therefore we are unable to alter the subject range.
3. Please contact the school or your child's Pupil Support teacher to discuss what support strategies would be helpful for your child.
4. We do not have any control over school lunch menu's but will raise this with Community Resources who facilitate school lunches. Unfortunately the lunch queues can be long at the beginning of lunch but usually only take around 15 minutes to settle. We are unable to introduce any more queues to alleviate this but are confident that the queues move swiftly.
5. Please contact the school or your child's Pupil Support teacher about information that you would like.
6. We have an extensive range of Extra Curricular Activities on offer this session, some at lunchtime and some after school. Please see the list of these on your school website.
