I am comfortable approaching the school with Qu's, suggestions and/or problems	12%	68%	10%	2%	8%	88%	-8%

**Please feel free to comment below about any aspect of this evening.**

Very informative

The 6th year pupils were very helpful

Jack was very helpful- my personal guide!

I feel that the school could be better at communicating how we can submit any queries

The school is quite ambiguous on things so I get confused

**What one thing do we do well as a school?**

Communication

Kindness

The teachers really care

Engagement with the children is excellent

Motivation

Defying the odds

**What one thing could we do better as a school?**

**1. Communication**

We have introduced the use of ParentMail and Twitter in order to improve communication with the community.

We will continue to consider ways in which we can communicate better though.

**2. They can sometimes be ambiguous on information**

We will take this feedback on board and endeavour to be as specific as possible when issuing information

**3. I feel unsure as to how to approach the school for help.**

The first point of contact is always phoning your child's Pupil Support Teacher, if they are not available you should ask to speak with the Depute Head for your child's House. All the names of these staff and possible contact details are on the school website. [www.cathkin.s-lanark.sch.uk](http://www.cathkin.s-lanark.sch.uk)
